GOOD THINGS FOR SPRING OF 1913 DELIVERY

PHLOX

Yes, we have flocks of them.
Phlox is Flame.

These are extremely showy and attractive, continuing in bloom from June until November. They have a rich variety of color and in masses present a charming appearance. There are about one thousand named sorts and no grower on earth has them all. Here is a partial list.

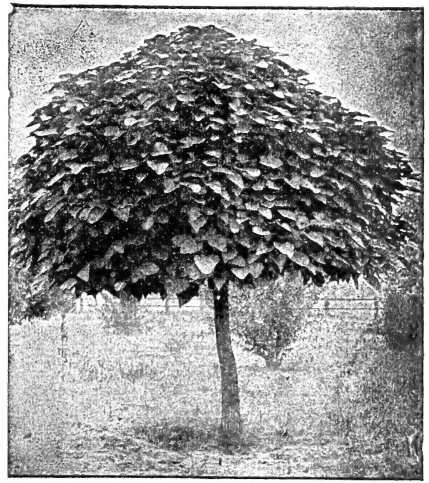

PHLOX

RICHARD WALLACE—Very robust and floriferous, tall and strong. Flowers clear white, violet center	\$.30
COQUELICOT—A new variety and one of the best; flowers large and of a fiery red color	.50

CATALPA

PAEONIA

PAEONIAS

Colors, red and pink kinds	\$.25
COMPTE DE JUSSIER—Yellow, very showy	.50
DUCHESS D'ORLEANS—Light pink, free bloomer	.40
White kinds	.35
Many other named kinds of Herbaceous Paeonias.	

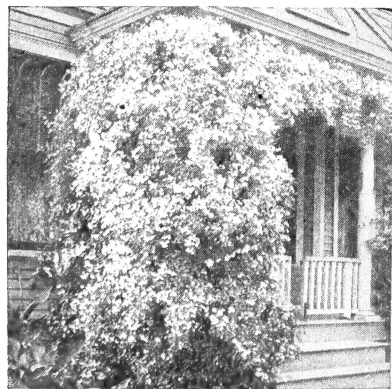

TEAS' WEeping MULBERRY

CLEMATIS

PANICULATA—Best of all the Clematis because hardy and will grow. Small white flower, late and sweet scented. We have heavy roots.

2 years, each 25c. 3 years, each 40c.

CLEMATIS PANICULATA

MULBERRY

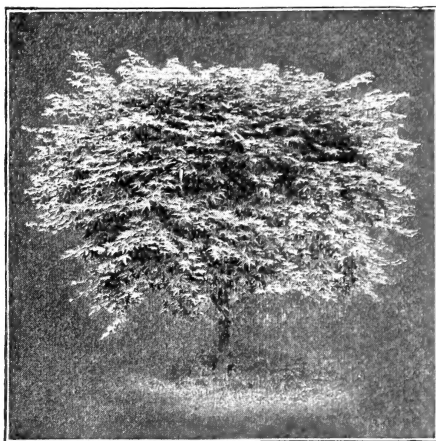

TEAS' WEeping—Finest one year heads. The best weeping tree known; branches reach the ground the first season.

1 year..... \$.75
Extra heads..... \$1.50 to \$2.00

JAPAN MAPLES

These are dwarfs of the greatest beauty and variety. They are comparatively of recent introduction. Hardy in New Jersey and some varieties farther north. Must be seen to be appreciated. Our trees are furnished with ball and very little risk of loss. The following are leading kinds:

ACREUM—Golden leaf, Palm shaped, 18 in. \$1.00
POLYMORPHUM ATROPURPUREUM—Deep purple, 18 inches 1.00
POLYMORPHUM DISSECTUM—Cut-leaf purple, 18 inches 1.50
POLYMORPHUM ROSEUM MARGINATA—Rose margined, 18 in. 1.25

JAPAN MAPLE

AZALEAS

Many kinds of deciduous and evergreen Azaleas. The evergreen Azaleas are especially fine and good. They are quite dwarf. Two principal kinds are

AZALEA AMOENA—Small leaf and bright red flowers in early Spring, 12 inches \$1.25

AZALEA HINODIGIRA—Larger than Amoena. A very showy plant, carmine pink flowers, 12 inches... 1.50

The above two kinds of evergreen Azaleas are splendid for small lawns.

RHODODENDRONS

Hardy hybrids, many varieties and colors. Such famous kinds as Chas. Dickens, Everastianum, Roseum Elegans, etc.

Balled plants about 18 in. @ \$1.25

BOX WOOD

Every style and grade of this famous standby. Box is indispensable in making up an assortment for a nice lawn. Standards, pyramids, ball box, square trimmed and bushy.

Price, 50c. to \$10.00.

JUNIPERUS PFITZERIANA

We have more than a dozen varieties of Junipers. Many of the Junipers are hard to transplant. The Pfitzeriana transplants easily. Our plants are balled and sure to grow. This is the most vigorous grower we know of. It has a distinct individuality resembling somewhat the Sabina or Tamarixifolia. A bed of Pfitzeriana will remain a thing of beauty and joy forever. We cannot praise this plume shaped bright colored evergreen too highly. Especially adapted to small lawns.

Price, 18 to 24 inches, \$1.25 each \$12.00 per doz.

PLUMOSA

RETINOSPORA PLUMOSA

The Retinosporas have to be seen and studied to be loved. Only a few nurseries in America have a good collection of these varied and handsome evergreens. Some grow large. Hundreds of varieties are medium or dwarf. Dozens are decidedly dwarf and can be used tastily on the smallest lawns. The Ret. Plumosa is a standby. A good old variety. Hardy, always looks well among the higher priced varieties as well as among the commoner kinds.

Price, 2 to 3 ft., \$1.00.

ROSES

We have over one hundred kinds. The following three we can heartily recommend as hardy and most remarkable bloomers:

KILLARNEY—Deep seashell pink; buds of enormous size, very fragrant.

GRUSS AN TEPLITZ (Greeting to 'Teplitz)—Bright crimson, fiery red centre, flowers in clusters. Such a free bloomer as to present a blaze of color. Foliage red tinged. A remarkable rose.

FRAU KARL DRUSCHKI—The only pure white rose in existence. Remarkably hardy and free bloomer.

The above three make a collection for the poor man and the rich alike. The wealthy plant them by the hundred. Order the three—one plant of each and try them.

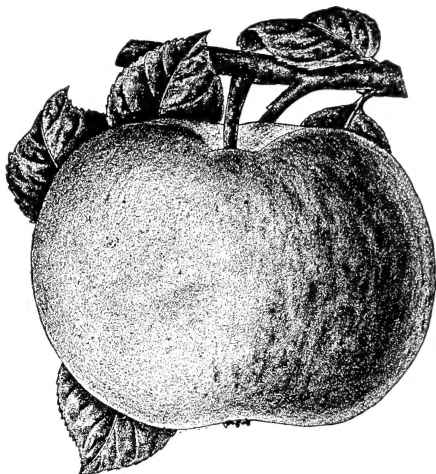

Price, strong two year stock, 50c. each, \$5.00 per dozen.

APPLE TREES

We are making a specialty of one year apples. Planters are coming to recognize the value of planting this young thrifty stock. You cannot head the trees in your own way if you plant two and three year apple. Nearly all the large orchards of the country are planted with one year stock. The modern way is to plant close and use as fillers between the rows early maturing trees like peach and Japan plums. For variety of apples see our general catalogue.

Price, 25c. each \$2.50 per doz. \$16.50 per hundred

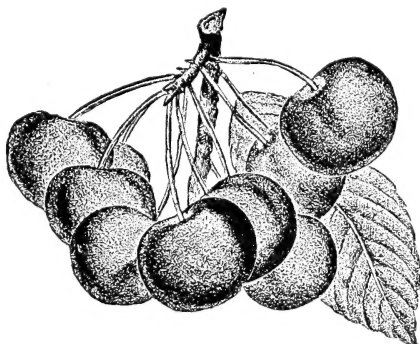

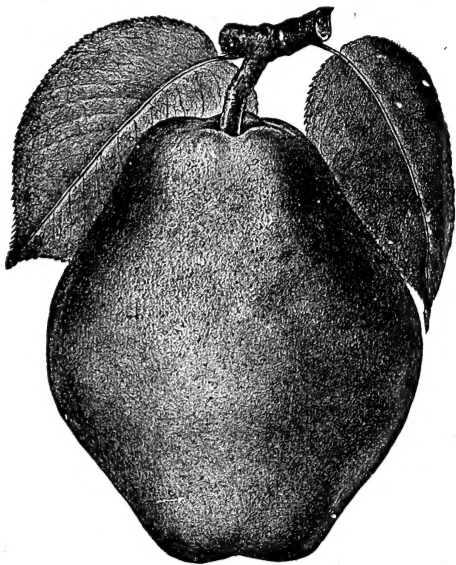

Trees are 4 to 5 feet. Mostly whips.

PEARS, PLUMS AND CHERRIES

See our general catalogue and net price list on this class of stock. We are prepared to furnish all this class of fruit stock in large quantities.

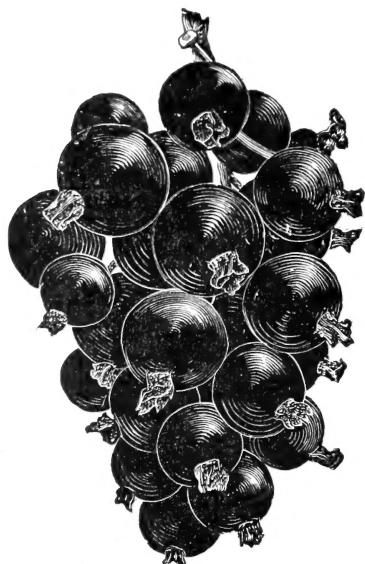

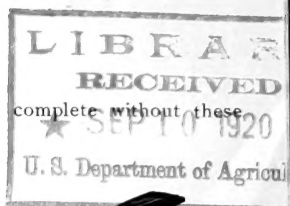

Price, 50c. to \$1.00

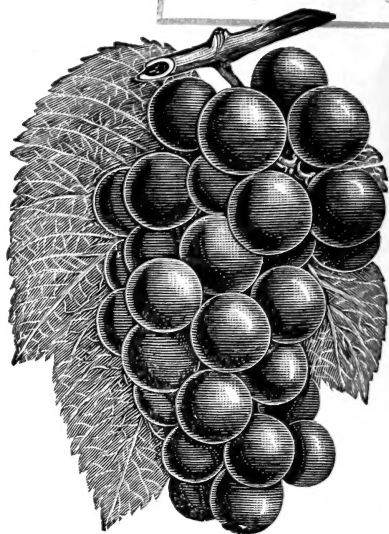

6257

SMALL FRUITS

Under this heading we have a thousand varieties. No home grounds are complete without these small fruits

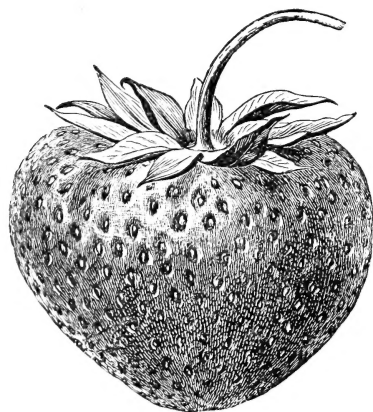

GRAPES
CURRENTS
GOOSE-
BERRIES
RASPBERRIES
BLACKBERRIES
STRAW-
BERRIES
ETC.

We have the famous St. Regis Everbearing Raspberry. This is a remarkable variety. Ripe fruit in October.

25c. each

\$15.00 per hundred

This circular is only an introduction. Come and see us if you are close by. If far away, we shall give your order our most careful attention. We ship to California and Washington. We do thousands of dollars worth of business in the Carolinas and other Southern States. We know what is hardy in Wisconsin and Maine. You may trust us to ship you the right goods for your climate.

Send for our general price list.
